

REMARKS

This application is a continuation of U.S. Serial No. 09/824,732 filed April 4, 2001 (allowed, issue fee paid September 11, 2003). The foregoing amendments are made in order to distinguish the invention claimed herein.

No additional fees are believed necessary other than the continuation filing fee; however, should other fees or credits be deemed necessary, the Examiner is authorized to charge or credit the Pennie & Edmonds LLP Deposit Account No. 16-1150.

Date: October 2, 2003

Respectfully submitted
